

ADIMOK-163 H

Dispersant ADIMOK-163 H is a 100% active polymeric liquid dispersant

Overview	High quality product use in UV and Gravure Ink and paint systems	
Product data	Appearance	amber waxy granules/yellow viscous liquid
	Gardner color	9 Max
	Active content	100 %
	Specific gravity	1.13 g/cm ³
Product property benefits	<ul style="list-style-type: none"> • Higher gloss and strength • Higher pigment loading in the mill base • Reduces mill base viscosity • Improved pigment wetting 	
General application	<ul style="list-style-type: none"> • UV offset inks • Packaging gravure inks • Steam resistant packaging inks • Automotive refinish and industrial paints
